

PREPARED FOR (CLIENT)

Luxury Interior Studio & Spatial Design

Attn: Studio Principal & Creative Director
Engagement: Bespoke AI-Powered Interior Portfolio Platform
Location: India

PREPARED BY (SERVICE PROVIDER)

TaskAura Global Inc.

Division: Enterprise Web & AI Engineering
Email: contact@taskaura.com | global@taskaura.com
Website: taskaura.com

1. EXECUTIVE OVERVIEW & SOLUTION INTENT

TaskAura Global is pleased to submit this commercial quotation for designing and developing a high-converting, ultra-luxury **Interior Design Landing Page with Integrated AI Consultation & Workflow Automation**. The platform will fuse immersive spatial aesthetics, fluid scroll physics, and automated intelligent lead qualification to position the studio at the absolute pinnacle of contemporary architectural design.

2. ARCHITECTURAL SCOPE OF WORK (8-9 CORE SECTIONS)

SECTION 01 Cinematic Hero & Dynamic Atmosphere High-impact editorial typographic headline, dynamic ambient spatial glow, 4K video/3D project reel integration, and instant luxury consultation CTA.	SECTION 02 Design Philosophy & Studio Identity Editorial split-grid conveying spatial harmony, craftsmanship narrative, prestigious awards, and signature architectural philosophy.
SECTION 03 Curated Spatial Portfolio Showcase Multi-category filter (Penthouses, Luxury Villas, Commercial, Minimalist), fluid scroll-triggered image transitions, and interactive Before/After sliders.	SECTION 04 AI Spatial Advisor & Style Intelligence Interactive AI engine allowing prospective clients to input room dimensions, aesthetic taste, and budget to receive an instant moodboard concept and personalized preview.
SECTION 05 Comprehensive Service Offerings Interactive tabs detailing Full Turnkey Renovations, 3D Spatial Visualizations, Bespoke Furniture Curation, and Lighting Engineering.	SECTION 06 Execution Blueprint & Workflow Timeline Visual 4-phase trajectory from Initial Consultation -> 3D Conceptualization -> Material Procurement -> Final Spatial Handover.

2. ARCHITECTURAL SCOPE OF WORK (CONTINUATION)

SECTION 07

Client Accolades & Architectural Press

High-trust testimonial carousel featuring verified homeowner reviews, architectural digest press mentions, and high-resolution project stamps.

SECTION 08

Smart Lead Engine & Webhook Automation

Multi-step interactive consultation form capturing budget, square footage, property type, with real-time automated dispatch to WhatsApp & Studio CRM.

SECTION 09

Luxury Studio Global Footer & Legal Architecture

Bespoke studio brand emblem, direct architectural studio coordinates, social direct lines, legal copyright declarations, and fast-navigation anchors.

3. ENGINEERING & AUTOMATION CAPABILITIES

Bespoke UI/UX & Creative Direction

Handcrafted design tokens in Figma, luxury typography pairing, dark/warm editorial spatial palette, mobile-first responsive architecture tested across 20+ viewport breakpoints.

Fluid Physics & Scroll Dynamics

Integrated GSAP (GreenSock) & Lenis virtual scroll engine providing buttery 60fps inertia scrolling, subtle parallax reveals, and Zero Cumulative Layout Shift (CLS).

AI Consultation & Prompt Pipeline

Intelligent AI recommendation pipeline matching client spatial aspirations with studio design catalogues, delivering personalized project estimates instantly.

Automated Lead Dispatch & CRM Sync

Zero-latency webhook integrations dispatching incoming client inquiries instantly to the studio director's WhatsApp, Google Sheets master register, and email notification via Resend.
